

BUS ROUTE MAP

THE BRENTON ARBORETUM

Buses, limousines, and other long vehicles visiting The Brenton Arboretum must take care to avoid two areas that are difficult to navigate.

1. Stick to the green route. The road is two way and you will be able to enter and exit on the same road.
2. Do not attempt to go to the Administration Building. It is extremely difficult to turn around.*
3. Do not attempt to drive beyond the loop at the conifer area.
4. If you ignore our suggestions and get stuck at the bridge, there's a good chance you'll need a tow truck.

*Note: Special access to the Vista Room for large vehicles must be arranged no less than 48 in advance. Call 515-992-4211.
